

July 7, 2022

Dear Valued Exhibitor:

On the behalf of the Steering Committee of the 16th Multidisciplinary Conference on Sinkholes and the Engineering and Environmental Impacts of Karst (aka, "The Sinkhole Conference"), I am writing to invite you to become a conference exhibitor. The conference will be held on March 27-31, 2023 at the University of South Florida in Tampa, Florida. We expect this Sinkhole Conference will host about 150 civil, geotechnical and environmental engineers, geologists, biologists, geographers, planners, developers and government officials who will come from around the world to discuss the latest developments in and future of our industry. This conference is an excellent opportunity for your business to reach a qualified, targeted audience and expand your markets.

Attached is the registration form with the key details about registering. To learn more about the conference in general, to register online, and to reserve your lodging at one of the conference hotels, visit [www.sinkholeconference.com](http://www.sinkholeconference.com). Selection of booth locations is on a first-come, first-served basis.

If you have any question, please do not hesitate to contact David Harro at [david.harro@geo3group.com](mailto:david.harro@geo3group.com) or 727-647-2758. We look forward to hearing from you in the near future.

Sincerely,

George Veni, PhD  
Co-Chairman, 16<sup>th</sup> Sinkhole Conference  
Executive Director, National Cave and Karst Research Institute
