

October 22, 2025

Dear Valued Sponsor:

On the behalf of the Steering Committee of the 18th Multidisciplinary Conference on Sinkholes and the Engineering and Environmental Impacts (aka, "The Sinkhole Conference"), I am writing to invite you to become a conference sponsor. The conference will be held on October 5-9, 2026 at the Albany Capital Center in Albany, New York. We expect this Sinkhole Conference will host 150-200 civil, geotechnical and environmental engineers, geologists, biologists, geographers, planners, developers and government officials who will come from around the world to discuss the latest developments in and the future of our industry. This conference is an excellent opportunity for your business to reach a qualified, targeted audience and expand your markets. There are a limited number of sponsorships available, so each sponsor will receive maximum exposure.

We accept sponsorships on a first-come, first-served basis; therefore, time is of the essence. A quick response will assure the opportunity to showcase your organization during the Sinkhole Conference! The attached sheet explains the levels of sponsorship available, which range from \$500 to \$4,500. Your support is important to offering the conference at a price where it will attract a nationally and internationally broad audience, and allow student attendance, growing the next generation of problem solvers to mitigate environmental impact and potentially your clients for many years to come.

To learn more about the conference in general and register, visit www.sinkholeconference.com. If you have any question, please do not hesitate to contact Bob Denton at robert.denton@terracon.com or +1(703)-727-5925. We look forward to hearing from you in the near future.

Sincerely,

Benjamin Tobin

Keith A. White

James W. LaMoreaux
